WHO WE ARE?

To give you a brief introduction about us, **Allied Natural Product** was established in the year 2014, ANP is engaged in Processing, Packing & Exporting Natural Honey from India. Within a short period of time, ANP has embarked itself as a premier Honey supplier to many countries including USA, Canada, GCC, Europe, Saudi, MENA, Africa etc.

Allied Natural Product is a Processor, supplier and exporter of natural honey from India. Allied is operating from its processing plant spread across 2,50,000 sq. feet. Lashed with modern equipment, ANP is competent to process 120 MT per day and handle 30000 MT honey annually to cater international and domestic demands. ANP has the storage capacity to keep the inventory of 6500 MT of honey under the controlled temperature. ANP holds the following certifications which include BRC A+, HACCP, FSSAI, USDA, Organic, Non-GMO & HALAL etc to ensure utmost food safety. Allied is equipped to handle and offer customized packaging as desired by our clients throughout the world as per their requirements. We are supplying different varieties of **GRADE A Honey** in different countries matching their standards and requirement.

ANP is Organic certified not only for USA but also for Europe. We are also Non-GMO certified. The Honey analysis in ANP is conducted by our in-house laboratory which is validated as per International standards to keep a tight notch in terms of Quality and Satisfaction of our customers. For more information about us, kindly visit our website: www.alliednaturalproduct.com.

We are open for distribution, bulk supplying and private labelling options. ***We can develop products packaging regionally – based on that region basic colour, culture, Languages and exclusivity of respective chain store.**

Analysis at ANP is done by technically qualified Analysts & Chemists in our fully competent **In-House Laboratory**. We also get our honey tested from German labs like - **Intertek, Eurofins, QSI** as per Allied's strict quality control system and customer satisfaction. Every drop of honey supplied by ANP is 100% Pure, Authentic & Fully traceable to the Beekeeper level.
